

# SDI welcomes

## Stanley Hill, Account Executive.

SDI, a systems integrator focusing on mission-critical systems and infrastructure of capital asset intensive organizations, is pleased to welcome Stanley Hill to our firm.

Stan brings over 7 years of information technology professional services experience to SDI, with extensive knowledge of government contracts, procurement vehicles and minority compliance. Stan has established a proven track record of developing consultative solutions that cost-effectively address public sector clients' key business needs. Stan has been recognized by his peers for his integrity, professionalism and ability to leverage expertise and resources to benefit the communities in which we live, work, and play.

Stan will focus on Business Development at SDI and concentrate his efforts on State and Local Government, Utility and Education Clients.
